### Remarks

1) It is a traded Endowment plan. It is a regular payment plan.

2) Estimated gain of \$10,126 is expected on this policy with 10 years and 1 mth to maturity, and there is a projected maturity value of \$31,195 at the end of the policy term. **This policy gives out \$1250 p.a. cash coupons from year 2024 to 2033 which can be used to pay for the annual premium until the end of the policy. Last year's coupons paid out already is included in the projected maturity value.**

3) The above values are revised to illustrate the latest figures provided by the insurer and have taken into account any withdrawals if any.

Note: The values in the illustration are only estimates which are based on the current method of computing policy values. While every care has been taken in the preparation of this illustration, it is subject to correction and confers no legal right. The product is underwritten by the respective insurance company. The Maturity Value is from the latest bonus statement or revised benefit illustration provided by the insurance company. It consists of both guaranteed portion (declared) and non-guaranteed portion (i.e. future annual bonus and maturity bonuses). This illustration is for reference and is not a contract of insurance. It is not intended to provide any financial advice or constitute as an offer to purchase. Please refer to the actual policy document for the exact terms and conditions.
